SUMMARY

Motivated B.Tech Computer Science Engineering (Artificial Intelligence) student at Parul University with hands-on experience in full-stack web development and backend application development. Skilled in building scalable web applications using React, Node.js, Express, JavaScript, and modern frontend technologies. Passionate about solving real-world problems through technology and seeking Full Stack Developer internship or fresher opportunities.

EDUCATION

B.Tech in Computer Science Engineering (Artificial Intelligence)	2023–27
Parul University, Vadodara, Gujarat	CGPA: 7.01
Intermediate (MPC)	2023
Narayana Junior College, Hyderabad	84.2%
SSC	2021
Siddartha E/M High School, Sircilla	9.8 CGPA

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, C++
Frontend Development: HTML, CSS, React.js, Next.js, Tailwind CSS
Backend Development: Node.js, Express.js
Concepts: REST APIs, Backend Architecture, Problem Solving, NLP Basics

SOFT SKILLS

Professional Skills: Communication, Time Management, Adaptability, Leadership, Team Collaboration

PROJECTS

CALMCHAIN – Mental Health Support Platform 2026

Live: <https://calmchain-app.vercel.app/>

Worked as Backend Developer in building a secure digital platform focused on emotional well-being and anonymous support.

- Developed backend services and API integrations using Node.js and Express.js.
- Supported a judgment-free emotional support platform addressing stress, loneliness, and mental health concerns.
- Collaborated with frontend team using React.js, Next.js, and Tailwind CSS for seamless user experience.
- Contributed to AI-driven emotion detection workflow using NLP-based concepts.
- Incorporated ethical considerations such as consent-based camera usage and encrypted user interactions.

ACADEXA – AI-Powered Smart Study Planner 2025

Live: <https://acadexa-five.vercel.app/>

Built a full-stack AI study planner offering personalized schedules, task tracking, and performance analytics for students.

- Developed an AI-driven study schedule generator that adapts to user goals and deadlines.
- Implemented task tracking and performance analytics dashboards for student productivity insights.
- Built using React.js and modern frontend technologies for a responsive, intuitive user experience.
- Deployed on Vercel for seamless and reliable cloud hosting.

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional (July 24, 2025)
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate (July 13, 2025)
